

**The Central States**

**Numismatic Society**

## SENTINEL

Edited by: Elston G. Bradfield, P.O. Box 3491, Chicago 54, Ill.

Volume 6

APRIL, 1959

Number 2

**Officers:**

HARRY X BOOSEL, President, 2635 W. Balmoral Ave., Chicago 25, Ill.

RAY O. LEFMAN, Vice President, 412 S. Van Brunt Blvd., Kansas City 24, Mo.

DR. F. S. EPPS, Secretary-Treasurer, P. O. Box 97, Homer, Mich.

**Board of Governors:**

HAROLD L. BOWEN,  
818 Lawrence Avenue, Detroit 2, Mich.

SOL KAPLAN,  
413 Race Street, Cincinnati 2, Ohio

HARRY COLLURA,  
9276 N. Sleepy Hollow Lane,  
Milwaukee 17, Wis.

LOUIS R. KARP,  
2214 Brighton Dr., Louisville, Ky.

RAY M. JANDA,  
9512 Wyandotte,  
Kansas City 2, Mo.

CLIFFORD LINDALL,  
106 Westchester Court, Chesterton, Ind.

D. W. JOHNSON,  
2100 W. 48th Terrace  
Kansas City 3, Kansas

MARK H. NELSON,  
5812 Oakland Ave. So., Minneapolis 17, Minn.

THEODORE F. POKORNEY,  
6122 N. Hamilton Ave., Chicago 45, Ill.

### PRESIDENT'S MESSAGE

When the Central States Numismatic Society was organized in 1939, a hastily formulated "Articles of Association" was adopted which was amended from time to time and eventually became the By-Laws. The CSNS was incorporated in 1955 but has never had a constitution.

Last year a committee was appointed consisting of Fred A. Clarke and William Sheridan, and with the assistance of the CSNS Secretary they have done a magnificent job. We will have a new constitution and by-laws to vote on at the Kansas City convention.

There are not too many radical changes, but many have been long coming. The constitution agrees with our corporate charter, and an attempt is being made to get more local clubs to become members of Central States. The number of Governors has not been decided upon but one suggestion was to get local clubs (members of CSNS) to nominate Governors from their state to be voted on at the election. The term of office has been extended to two years because past experience has shown that officers are always re-elected the second year. The life membership fee has been moved up to conform to what was voted on when the life membership was first proposed. Officers and Governors must be residents of the Central States area but members

are acceptable from anywhere. This is not included but it might be well to have wives as associate members at a reduced fee.

All these changes are now proposed but it will take the Society in convention to adopt them. You are urged to attend the business meetings and participate in the formulation of the new constitution and by-laws.

With this issue of THE SENTINEL you will receive a copy of the minutes of the Cincinnati convention. This will make it unnecessary to read the minutes at the convention. Amendments or corrections only will be called for. This will expedite the business meeting.

—HARRY X BOOSEL, President

### MESSAGE FROM YOUR SECRETARY

In order to grow you must have progress. I think most CSNS members are going to agree with this statement. So what have we done in CSNS this past year to rank with that thought?

We raised dues at Cincinnati, and we now have money to buy our very own exhibit cases. The trial of having to borrow them each year for our annual convention is about to end.

Life membership fee is now \$30.00. When life membership was set up, some years back, it was specifically stated in this drawn order that said life membership should be twenty times the regular yearly dues. Thus it will probably be made \$40.00 at Kansas City convention. Why not save \$10.00 and do it now? You have been thinking about it, so why put it off?

In the past your CSNS has functioned on a set of by-laws (very good ones, too) but with progress changes must be made. We are most fortunate in having as members two capable counselors at law. Fred Clarke and William Sheridan have not only revised the by-laws, but have set up a constitution as well, which of course we should have had before, so our good legal minds say. We will have copies of this document with us at the convention, but if any member desires one in advance, a copy may be sent you upon request provided you send me a self-addressed envelope with 8c stamp attached.

Numerically we are below last year, but very slightly, and are fast catching up. If we had 1000 active members we could really go places. Why not affiliate all your friends in a live group of numismatists? We are going to set up a membership drive with prizes at Kansas City, but why not start now?

There are many new items in the pre-heat stage, so plan to attend your annual business meeting and bring them all to the boiling point.

After a rough winter of snow, ice, slush and mud, come on out and see everything blooming in K.C. I would hate to lose my wager of a proof set because the registration does not make 800.

—DR. F. S. EPPS, CSNS Secretary

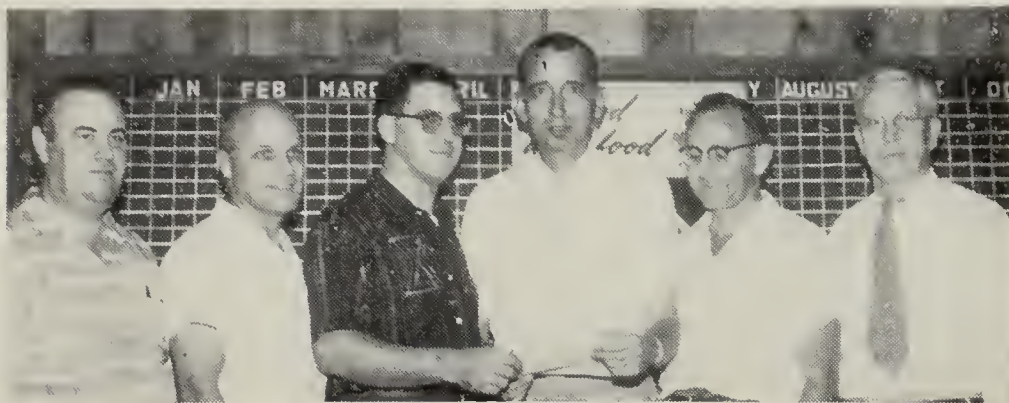

### COINS FROM SURPLUS NAVY COPPER

As a source of copper for coinage, arrangements were made with the Navy Department to purchase for the U.S. mints about 1,800,000 pounds of cathode copper which were surplus to Navy's needs, at about five cents per pound below the market price. Its use in the manufacture of minor coins will result in an increase of approximately \$90,000.00 in seignorage.

## INVITATION FROM HANA PRESIDENT

The Central States Numismatic Society convention to be held in our city will be one of the most outstanding for this group. The dates of April 24, 25, 26, should be marked for every member to attend and participate with the local host group, The Heart of America Numismatic Association, at the seventeenth annual meeting of CSNS.

When we were awarded this convention two years ago in St. Louis the work of planning, fund raising, ideas, etc., were started and have been

HANA members visit Topeka Coin Club to publicize Central States Convention. Left to right: Buford Ellis, Sec., HANA; John Maxim, V.P., HANA; Paul Henderson, Pres., Topeka Club; Ray O. Lefman, Pres., HANA; Don Joslin, V.P., HANA; Ray Waddle, visitor, Junction City, Kans.

kept at a steady pace since that time. We have tried to make this meeting one that every person attending will long remember and also be obliged to return to our city for a numismatic visit again and again. When you arrive for this event, you will immediately see that this will truly be a convention that will be different and very interesting. To date, we have more than enough reservations for dealer bourse space to assure of its financial success.

There will be prizes awarded every **hour** of the entire convention and every person who registers will be eligible for one of these. Surprises and many gifts will be available for those attending the banquet. Something exciting has been planned to make this a different type of numismatic event for every person who visits us for our silver anniversary.

May I take this means of inviting you in behalf of The Heart of America Numismatic Association to be with us April 24-26 in Kansas City?

—RAY O. LEFMAN, President Heart of America Association

## KOSOFF SUES OVER 1943 "COPPER" CENT

Suit has been filed in Los Angeles Superior Court by Abe Kosoff against the Marvin Beyers because of the withdrawal of the highly publicized 1943 "copper" cent from the A. N. A. auction in August, 1958. Kosoff is suing for \$60,750.00, charging the consignor with breach of contract, fraud, deceit and slander.

## INTERIM MEETING AT CHICAGO

A very worthwhile and constructive meeting of your officers and board of governors was held at Chicago on Oct. 4, 1958, in conjunction with the one day meeting of the Chicago Coin Club.

Members Fred Clarke and William Sheridan were assigned the job of revising the existing by-laws. Ray Lefman gave a summary of the plans for the Kansas City convention.

The awards each year for the Medals of Merit will now follow a code ably devised and worded by members Sheldon and Bradfield. Discussion on the possibility of a new Seal for CSNS was considered with no definite action. CSNS will own its own exhibit cases after Kansas City, at least a large percentage of them, through definite action at this meeting.

One life membership was voted. Our good Editor presented some thoughts for the "good of CSNS" and these were tabled for action at Kansas City. A committee composed of Ray Lefman, C. A. M. Smith and Nathan Gold were appointed to draw up a set of rules and regulations governing the liaison work between the CSNS board and the host club for conventions.

These items constituted the highlights of a very enthusiastic meeting.

—DR. F. S. EPPS, CSNS Secretary

## NEW SPANISH COINS

New coins, in the denominations of 50-, 25- and 5-pesetas, in white cupronickel, have been struck in Spain under the Act of December 26, 1957. The obverse bears Gen. Franco head facing right, with . FRANCISCO FRANCO CAUDILLO DE ESPANA POR LA G. DE DIOS . 1957. The reverse shows coat of arms superimposed on breast of idealized eagle lower center: BA (indicating Barcelona minting) at left; above center denomination.

## NATIONAL COIN WEEK

Remember National Coin Week is April 12 to 18. Both clubs and individuals are urged to take part. There is reason to think that this year's effort may be the biggest yet. Should be with new clubs springing up all over the country—like mushrooms. From the number applying for American Numismatic Association affiliation, looks like ANA records will fall.

This year's theme is: "Portrayal of Lincoln through Numismatics, 1809-1959." Very appropriate.

The General chairman, Mrs. Wilma Dean Roethke, 1759 Gratiot Ave., Saginaw, Mich., has been actively promoting the event. Our congratulations to her for a fine effort. Awards chairman is John S. Northcott, 1012 N. Oakley, Saginaw, Mich.

## THE PRESERVATION OF COINS

(Continued)

You remember that old, worn out, much abused topic about how to keep your uncirculated and proof coins in brilliant mint condition? I gave you a few highlights last year which seemed to be well received from the letters that came in.

Not all of us are chemists by profession, not even the writer, but with present day access to chemical knowledge, I wonder and wonder why collectors do not consider chemistry instead of just convenience, beauty, eye appeal and so on, as the proper approach to keep that mint coin in its original state of perfection. There is a proper place for every cardboard display holder ever brought out among those collectors who form their collections from circulation, but I am again "harping" on safety for your uncirculated and proof coins.

Every collector eventually learns that all paper products contain sulphur except anti-tarnish tissue that tests sulphur free. Likewise in this day of plastics, there are many beautifully colored plastics that in combination with oxygen affect the metal of a coin, some slightly, and some a great deal. A brief review of some plastics in common use today for various forms of coin protection. Polyvinyl acetate hydrolyzes to yield polyvinyl alcohol and acetic acid. The vapor is dangerous to coins. Saran wrap is vinylidene chloride-vinyl chloride which decomposes to yield hydrochloric acid, the vapor again dangerous. Cellulose butyrate acetate is cellulose esterified with both butyric and acetic anhydrides, one of our most volatile plastics, and rough on copper in a short time.

There are more, but these few give cause for thought. Why not stay with the known safe plastics: ethylcellulose, polystyrene and polyethylene? You sleep better when you know you're safe.

—DR. F. STEVENS EPPS, ANA 7679, CSNS LM 70

## ANOTHER BOOK IN THE WHITMAN SERIES

The latest numismatic book off the press of the Whitman Publishing Co., Racine, Wis., is "An Outline of Ancient Greek Coins," by Zander H. Klawans. The author will be remembered for his earlier work on Roman coins, also published by Whitman.

The present volume is of 208 pages, fully illustrated with good halftone engravings distributed throughout the text near each coin's description. The latter consists of one or two words stating the main features on both obverse and reverse, name of the town and modern name (if any), area in which located and period or date of the given coin.

The method of striking ancient coins is made plain, followed by a short discussion of denominations and historic background of Greek coinage. The author states his purpose to have been "a book for those who were setting forth upon a new adventure into the beauties of antiquity." It is. The price is low enough (\$3.50) to get this handsome volume into the hands of coin collectors who are just a little tired of dates-and-mint marks and who are about ready to take the step into the long ago.—EGB

## CSNS-HANA MEDAL

A medal has been struck by the Heart of America Numismatic Association to celebrate its twenty-fifth anniversary and the seventeenth annual convention of the Central States Numismatic Society.

Bruce D. Busey, artist and designer of the medal, was born in Quenimo, Kans., and spent the major portion of his life in Kansas City, Mo. Busey began his art training at the Kansas City Junior College in 1954 and extended his education in this field at the University of Missouri.

About the medal, Busey said: "My design commemorating the twenty-fifth anniversary of HANA was a stimulating challenge. I tried to depict the essence of coinage and its relation to man, subjectively and objectively. On one side of the medal I have shown the first hand operated coin press of the United States. This machine was a crude, slow device which stamped the metal into a set jig and thereby produced a coin. The other face of the medal shows the Liberty Memorial and a skyline of Kansas City. This represents the heart of the association."

The medal was rendered with a simplicity of design to avoid confusion and stress direct communication. A similarity of the handling of the elements of this medal and that of the old Roumanian and German work can also be seen. The medal is 35 mm in diameter and was struck in a nickel-silver composition. The years 1934 and 1959 represent the number of years for which the association has been organized. On the reverse side HANA honors the Central States Numismatic Society and its seventeenth annual convention, April 24, 25, 26.

Of the 500 struck, HANA members may purchase one each, as can officials of CSNS, at \$1.75 per medal. The pieces remaining unsold April 24, will be offered to anyone at \$2.25 plus 25c handling charge each, with a limit of two per customer. Order from Felix Cannatella, Jr., 2311 Independence Ave., Kansas City 24, Mo.

## THE MOTTO PAPER MONEY

On July 9, 1957, the Bureau of Engraving and Printing began printing the new 1957 series of one dollar notes bearing the inscription IN GOD WE TRUST, in accordance with an act of Congress approved by the President on July 11, 1955 (31 USC 324a). The first delivery of these notes was made on September 9, 1957, and formal issuance to the general public was made on October 1, 1957. By June 30, 1958, the Bureau had delivered a total of 417,920,000 notes of this series. The 1957 series is the first of paper money on which this inscription has appeared.

## BACK ISSUES OF SENTINEL WANTED

Back issues of THE SENTINEL, particularly Volumes I and II, are wanted by CSNS Secretary-Treasurer F. S. Epps to complete files of the Society's magazine. Members or others who have early copies (1953 and 1954) they no longer want are urged to donate them to CSNS. Clifford Mishler, P.O. Box 135, Vandalia, Mich., would like to have Vol. I, Nos. 1 and 2 to complete his set.

## SEVENTEENTH ANNUAL CSNS CONVENTION

WHERE—Kansas City, Mo., Hotel Muehlebach, 12th and Baltimore.

WHEN—April 24-25-26, 1959.

HOST CLUB—The Heart of America Numismatic Association, celebrating its 25th anniversary—One of the largest coin clubs in America.

Plan to attend this convention in the Heart of America—an airport only five minutes from downtown—for railroad travelers, a central Union Station—many main highways lead to Kansas City—modern municipal underground parking garage directly west of the hotel connects via tunnel with the Muehlebach and Muehlebach Twin Towers.

The Grand Ballroom will be used for the Dealer Bourse. It is a beautiful 80' by 80' room without a post or obstruction, and assures all dealers desirable locations for their tables. Its second floor and direct street entrance from three sides makes it ideal for all hotel traffic. Many have already sent in for reservations, and it is suggested, that they be made ahead, as tables will be limited to 75.

For all who register, there will be an hourly drawing for numismatic prizes. Don Joslin, chairman, suggests pre-registration for those knowing they will attend, to prevent inconvenience on opening day.

Many educational displays are promised to attract interest of both new and veteran collectors. Insurance and security will be provided for all exhibits. Please make your requests for space, number of cases needed, and type of material to be displayed. Prizes will be awarded for the best displays based upon the following classifications:

1. U.S. Coins 1652 to Date
2. Coins Prior to 1500 A.D.
3. Foreign Coins after 1500 A.D.
4. Paper Money—All Kinds
5. Medals, Medallion Art, Orders and Decorations
6. Miscellaneous, Specialized and Others not 1 to 5.

A two-session auction on Friday evening and Saturday afternoon will be conducted by S. J. Kabealo. He assures us of choice and desirable material. Catalogs may be obtained from him at 2216 Colorado Ave., Pasadena, Calif.

A banquet will be held on Saturday evening at 6:30. We're sure you will enjoy the menu and entertainment arranged by Ralph Bonden, a restaurant man himself and Dave Hochberg.

For outside events, here are a few things for the visitor to see and do in Kansas City. One of the most beautiful and well planned residential areas in the country—the new Truman Library in nearby Independence—the Country Club Plaza with its Spanish Plan shopping center—cinema with its wide screen will feature "South Seas Adventure"—for sports lovers, the Kansas City "A's" will play the Detroit Tigers in a three-game series—all downtown shops are in easy walking distance of the Hotel—the Swope Park Zoo—municipal airport—William Rockhill Nelson Gallery of Art—Kansas City Museum—nice restaurants with K.C. steaks. These are a few of the many things to provide complete entertainment for the whole family, while

we "collectors" do our coining. Events are scheduled for the women, too.

Hotel reservations should be made direct with the Hotel Muehlebach, 12th and Baltimore, Kansas City, Mo. Rates are as follows:

Single (1 person) \$8 to \$20; Suites (2 room) \$25 to \$60; Double (2 person) \$12 to \$18; Suites (3-4 room) \$40 to \$75; Twin Beds \$13 to \$28; Parlor-Bedroom \$12 to \$28.

Price schedule for convention events:

Registration \$2 per person; Banquet ticket \$7 per person; Bourse table \$50 per table (includes one banquet and one registration ticket).

A limited issue medal will be available (see story elsewhere in THE SENTINEL). Wooden money issue of 50c, 25c, 10c, 5c will be sent postpaid for \$1.00 a set.

Any inquiries concerning the convention may be addressed to any of the following co-chairmen:

Ray M. Janda  
9512 Wyandotte  
Kansas City, Mo.

Ray O. Lefman  
412 S. Van Brunt  
Kansas City, Mo.

Allison E. Lowe  
5206 Highland  
Kansas City, Mo.

## MINT IMPROVEMENTS

The modernization program of the Philadelphia Mint was continued (during fiscal year 1958) with the installation of modernized melting and rolling equipment. Coinage presses transferred to the Denver Mint from San Francisco increased the number of presses there from 22 to 29. Denver's coinage production thereby increased 36.9 per cent with an increase of only 25 per cent in personnel. Other savings at Denver, amounting to \$11,650, were obtained by remodeled coin storage facilities; improved handling of coinage ingots and cut blanks; improved transportation of silver and copper from storage to make-up; and the installation of X-ray automatic strip gauge control.

## PRINTING BUREAU WHIPS SOME PROBLEMS

The Bureau of Engraving and Printing continues to improve its operations. The major portion of the redesigning and modification of the eight sheet-fed rotary presses installed for the dry intaglio printing of currency, 32 subjects to the sheet, has been completed. Research and testing relating to inks, papers and press materials used in rotary currency printings are continuing, and the quality of the printed impression has been improved.

As a result of the technical improvements, together with various procedural changes, spoilage in the 32-subject currency production has decreased from 40 per cent in October, 1957, to 8.3 per cent June 30, 1958 and the cost per thousand notes has decreased from \$13.41 in October, 1957, to approximately \$7.00 June 30, 1958.

## AREA CONVENTIONS

The fourth annual Nebraska Numismatic Association convention is set for the Sheraton-Fontenelle Hotel, Omaha, Neb., April 3-5. Elmer G. Nelson, 3126 Shirley Ct., Lincoln 5, Neb., is the NNA secretary-treasurer.

Indiana State Numismatic Association's first convention will be held May 1-3 at Indianapolis' Claypool Hotel. General chairman is Wilson E. Pollard, 804 State Life Bldg., Indianapolis.

The third semi-annual convention of the Missouri-Arkansas Numismatic Society is scheduled for May 2-3 at the Hotel Miami, Miami, Okla. General chairman is Lloyd A. Staton, P.O. Box 134, Miami, Okla.

The Penn-Ohio Coin Club's spring convention is May 15-17, Hotel Tudor Arms, Cleveland, Ohio. Mrs. Nathan Gold, 2905 Hampton Rd., Cleveland 20, is secretary.

June 5 and 6 are the dates of the South Dakota convention, in Pierre, S.D. General chairman Curtis B. Mateer may be reached at the Pierre National Bank, Pierre, S.D. for information.

The Biltmore Hotel, Oklahoma City, Okla., is the scheduled site of the October 16-18 convention of the Oklahoma-Kansas Numismatic Association. Secretary is Miss Joy L. Waseman, 2901 Elmwood, Oklahoma City, Okla.

## CSNS CONSTITUTION AND BY-LAW REVISION

A CSNS constitution and by-law revision will be submitted at the Kansas City annual convention of the Central States Numismatic Society for approval. Publication hereof constitutes due notice of intent to alter and amend the present by-laws, as defined in Article VII, Section 2, of our present by-laws. Proposed constitution and by-laws will be available to bona fide CSNS members at Kansas City convention, but copies will be sent by mail upon request to any member in good standing providing a large self-addressed envelope bearing 8c postage is sent to the Secretary.

## SAUDI ARABIAN GOLD DISCS

The large Saudi Arabian gold discs, manufactured in Philadelphia in 1945 are now appearing in large numbers. Despite the fact that they are considered illegal holdings by the Treasury Department, many collectors are buying and holding them. Beware of the counterfeit ones now being offered for sale. Best way to tell an original is to use a high powered glass and look at the field in and surrounding the letters on the eagle side. The genuine ones had very fine lines. Spurious ones have only dots. Look especially at the M in Mint and the inner part of the P -D -P in Philadelphia. The original has fine lines inside. The others have blank spaces. Caveat emptor!

## OFFICERS AND GOVERNORS — 1958-1959

Harry X. Boosel	President
Ray O. Lefman	Vice President
Dr. F. S. Epps	Secretary-Treasurer

### GOVERNORS

Harold E. Baker	Sol Kaplan	Clifford Lindall
